THE FOREWORD

The Junior Class is pleased to present the MONESSE 1930. An effort has been made to outline the activities of the 1929-30 school year on the pages of ths little volume. No organizations, groups or individuals have been intentionally omitted, and it has been the earnest desire of the Staff to make this volume as representative of high school activities as possible.

THE MONESSE 1930 is not a literary production and neither stories nor articles of literary merit are printed on its pages. It is rather a high school Year Book that should serve as a record of high school activities during the 1929-30 school year.

This book has been dedicated to the members of the Board of Education. The members of the Board of Education are interested in secondary school work and have unselfishly given a great deal of time so that better facilities would be available to the boys and girls in this community.

THE MONESSE 1930 is not a perfect Year Book. It is impossible for our high school to publish a Year Book that will compare with the Year Books published by some of the larger high schools in our neighborhood. However, it is a product of our best efforts, and we hope that you will be as constructive as possible in criticising our endeavors.

"We know little of Miss Immel's good and bad traits."

The Faculty

Every year our school is longing
For some rhymes about the group,
That's in charge and subjects teaching
To the eager happy youth.
The faculty is what we call them,
When we put on classic airs;
But 'High School Teachers' seems more common
To lads and lassies 'tending there.
Some are men and some are women,
That teach the classes in our school;
So, in these rhymes we must remember
That words for each one is the rule.

The first in line is apostolic
In name at least, they call him Paul;
To toot the horn for him is frolic
Because he is a Lil-ye-dahl;
He butchers bugs and cuts up flowers,
Mixes dope and fills the air
With stuff that smells to all us youngsters
Like something is in great despair.

"Hunger" and "Ford" are also present
Combined in one familiar name,
He teaches "Ag." and sprays with essence
That makes the microbes terribly lame.
Corn and milk he tests each season,
The capons he does love to eat,
And in this menu lies the reason
For his plump and fine physique.

Mr. Henry L. is still a nailing
In the basement of our school,
And his boys are still detailing
With the square and sliding rule
Girls he has not in his classes,
They cannot hammer, nail nor glue,
So his old room is void of lasses
And all their fret and storm and stew.

Our Coach Moore took a vacation,
And, as he said, a needed rest,
But he came back with a full ration,
A little wife, the very best.
And now he tries out his pet theory
Of buy and sell and meet demand,
Of household duties, sometimes weary
When eggs stick to the frying pan.

"Is a college education necessary to become a member of the faculty?"—Jack Cromwell

A Miss Coontz we have in a west room,
Who teaches classes in literature
Sometimes her door goes rickety boom
When pupils are late from doing the chore.
From Emerson and Tennyson
She reads a passage to suit the lad,
Especially him, who is a willing one
In making the red book a special fad.

The past, the present, the future too,
Miss Northrup likes to emphasize,
Each point she stresses with much ado
So each and all can recognize
What facts and fates we all should know
Of this old world in which we live.
And to this drill she adds a blow
By giving us a work-book sieve.

We have no Miss White, Miss Blue or Miss Gray
But we have a certain little Miss Brown,
She angles and squares and postulates
When we're bright without a frown.
But, when we are dull as an xyz,
She gives us a jolt that rocks the frame,
And stings as deep as any bee,
And shatters our hopes for number fame.

Miss Gibson teaches all our Latin,
And dabbles in French stems and roots,
And all our work would be as smooth as satin
If French had neither kinks nor hooks.
She stands in hall, directs the traffic
Each morning, noon and evening, too,
Of those who walk from ground to attic
In searching facts and figures true.

Miss Stone is boss on the second floor,
There's no use talking, she's on the job,
She's always there and to the fore
With force enough to make us sob.
She knows her stuff, abstains from bluff
In teaching youngsters how to sew.
In cooking class she can be rough
When stoves are turned a little low.

Miss Westfall teaches the shorthand
And shows us also how to hammer
The Underwood of every land
That's know by its mark and banner.
She's strong for speed and accuracy,
And watches "Toad" take the dictation,
'Cause every curve must really be
In proper place and true relation.

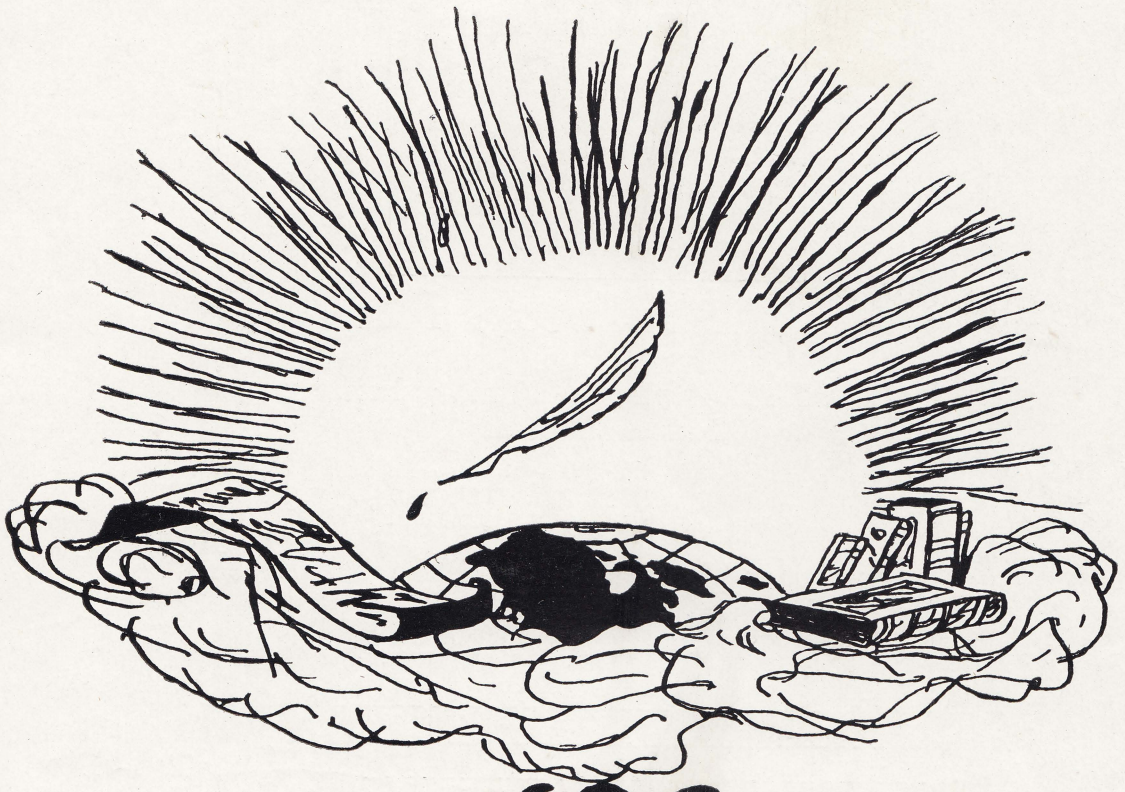

"Say, Dad, what is a Faculty?"—George Wheeler

Miss Immel hails from Fond du Lac,
  Where the snow is ten feet deep,
But she can figure her way back
  And show how books should keep.
The debit and credit and invoice and date
  And all details of a full set,
So everything will truly rate
  As the very best you ever have met.

And so we come to Mr. M.
  The last one in this rhyme
Of him we know by word and pen
  As head of our old high.
To him we go with cares and woes,
  And troubles, not a few,
He solves the problems, lets us go
  And tells us not to stew.

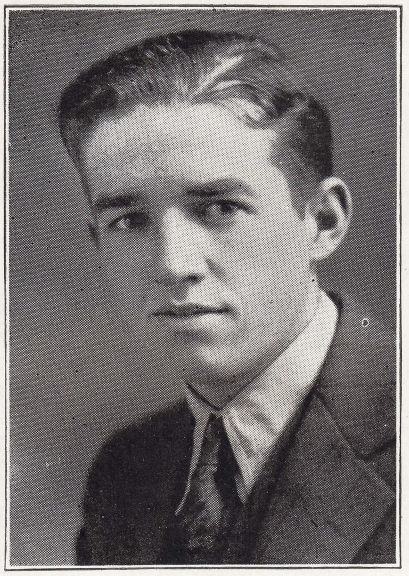

"I write like some of the members of the Faculty."—Ancil Tremore

A Freshman sat on on old gate post
Pondering his Mathematics,
He thought the air as good as toast
And the subject void of antics.

But, as he pondered some light did come,
But not enough to solve it,
And so he lost his sought for fun
And faith in Mathematics.

Today the post is standing there,
But the Freshman is no more,
He lost his balance in the air
And bumped a six by four.

AUSTIN CANAVAN, Captain

Austin (Casey Canavan of the Football squad, was the mainstay of the team. On defense he ranked with the best. On offense he could always be relied upon to make the necessary yardage. He was a good leader and would never admit defeat. This was his third and last season on the football squad, and he will be lost through graduation.

FOOTBALL LETTER MEN

The letter men in Football were as follows: Canavan, Prairie, Buckner, Nagle, Tremore, Barsanti, Palenske, Christjansen, Wyant, Austin, Halpin, Davis, Sherwood, Lattz, Grabow, Newberry, Pearson, Burton and Prather.

COACH MARCUS L. MOORE

Coach Moore is now completing his fifth year as a coach at Monence Community High School. He is a graduate of Grinnell College, Grinnell, Iowa, and has attended several coaching schools during the summer sessions. His ability as a coach can be proven by his record of the past year—winning the County Track Meet and having one of the greatest football teams in the history of the school. In basket ball he was handicapped by having only a few Seniors and the smallest gym in the county. In spite of this he won nearly half of the games and lost the balance by only a few points.

"Do you remember way back when Mr. Moore was single"

CAPTAINS HALPIN AND GRABOW

Halpin and Grabow served as captains of the basketball squad during the 1929-30 season. If the Coach appointed Halpin Captain in one game, Grabow, as a rule, would be appointed as Captain in the following game.

The School Band

The school band is one organization of which not only the high school but likewise the entire community is very proud. This organization is under the able direction of Mr. P. T. Liljedahl and has met for rehearsal from seven to nine on every Tuesday evening of the school year. Certain sections of the band have also met from four to five in the afternoon on certain days of each week during the school year. The personnel of the band consists of

pupils from the fifth, sixth, seventh and eighth grades and also a large number of high school students. At the annual concert this year the band consisted of forty-six pieces and their rendition of several numbers met with a liberal response from the large audience assembled in the gymnasium. The officers of the band are as follows:

Lawrence Austin ---------- President
Ralph Hertz ---------- Vice-President
Mildred Kile ---------- Secretary-Treasurer
Austin Canavan ---------- Manager

The program at the annual concert was as follows:

Salutation ---------- Roland F. Seitz
The Troubadours ---------- Francis A. Meyers

Spirit of Youth ---------- Fortunato Sordillo
Independentia ---------- R. B. Hall

The band accompanied the football team to Watseka on Armistice Day and led the Armistice Day parade from the Watseka High School to the Iroquois County fair grounds. The reception which they were given on this occasion will always be appreciated by the members and friends of the band. The band also led the Million Dollar Live Stock parade at the county fair in Kankakee last August. They also played at the Peotone Fair in September and gave a concert in Herscher last summer.

THE LATIN CLUB

Miss Gibson was instrumental in organizing a Latin Club early in September. The club has met regularly every Thursday afternoon from 3:45 to 4:30 o'clock. Several interesting meetings have been held and a study of Roman life and customs has been made that would not be possible in the regular class room work. The club has also had a few social meetings and enjoyed one party, the date of which none seems to remember. It is questionable whether the refreshments served were strictly Roman. The officers of the club are as follows:

"Haec in Galliam importantur—Hike into Gaul, its important."—John Alexander

SENIOR PARTY

On Wednesday evening, December 18, 1929, the Seniors held a party in the Conrad Recreation Room. The evening was spent dancing and playing games. At a late hour refreshments were served. The voices of the chaperons were heard later, and everyone departed for home wishing it had been a Freshman party. Miss Miss Northrup, Miss Westfall, Mr. Hungerford and Mr. Munson acted as chaperons

JUNIOR PARTY

As the Year Book is going to press, the Junior party remains a mystery. Several dates have been set but the treasurer has apparently not gathered enough coin to warrant the purchase of any refreshments. The Sophormers and Freshmen are also busy trying to find three meals a day and consequently have had no time to think of the luxury of a party. Possibly, warm May weather will suggest an outing that will be enjoyable to all the members of each class.

EPITAPHS

Here lies the body of young Edwin Pratt, He stuck out his tongue and was scratched by the cat	Dumb Kid
Here lies the body of Austin's Toad, He lost his balance in straddling the road	Poor eyesight
Here lies the body of Miss Northrup, She was bit in the heel by an ugly pup.	Kick harder
Here lies the body of Gertrude Blue, She fell head first in a pot of stew.	Too hot.
Here lies the body of Shronts' George, He lost his wind in blowing a forge.	Too ambitious
Here lies the body of Wilsons' Jimmy, He was running a race with someone's Simmy.	Poor balance
Here lies the body of Clifford Wheeler, He got a hard bump on the top of his beaner.	Unfortunate
Here lies the body of Dorothy Bruce, She stuck her finger in the electric fuse.	Too curious.
Here lies the body of William Greep, The track was icy and the hill was steep.	No control
Here lies the body of Clayton McQuill, He fell out of bed, a terrible spill.	Dreaming

MARY HAD A—

Mary had a little dab
Of rose upon her cheek,
But everywhere that Mary went
That dab made people shriek.
She took the dab to school one day,
And sought her usual place;
The teacher cried: "Forsooth, poor girl,
Go home, and bring your face!"

Miss Westfall: "An ananymous person is one who does not wish to be known. Who is that laughing in the back?"
Voice: "An anonymous person, Miss Westfall.

"Good morning, Mrs. Tutewiler," said the minister, who had dropped in for a morning call, "Why isn't your son in school?"

"Oh," replied Mrs. Tutewiler, "Jack learns so fast that he doesn't need to go to school. He's the brightest one in his class."

"Indeed? Does his teacher say so?"

"Oh, yes," beamed the fond mother proudly. "Just the other day Miss Brown sent me word that if all her pupils were like Jack, she would close the school at once."

ALUMNI

Alumni---Momence Community High School

The organization of the Momence Community High School District was completed on June 10, 1918. On this date the newly elected Board of Education held their first meeting, and organized according to law. During the following weeks teachers were employed and other arrangements made for the opening of the first school year. On the first Monday in September, 1918, the Momence Community High School opened for its first school year, and about one hundred and twenty pupils were enrolled. Pupils who had been attending the Momence High School as conducted by District No. 42 transferred their credits to the Momence Community High School. The first class was graduated from the Momence Community High School in June, 1919.

It has been customary to publish the names of the Alumni of both the Momence High School and the Momence Community High School in previous issues of the Monesse. In view of the fact that the school has been growing and the graduating classes have been increasing in number, it is not possible to find enough space in the Monesse for the Alumni of both schools—the Momence High School and the Momence Community High School. Consequently, the Monesse 1930 is printing only the Alumni of the Momence Community High School.

On the whole the Alumni of the old Momence High School are permanently located in life, and there are few changes in residence or vocation from year to year. Within the next two or three years, it will not be possible to publish the names of the Alumni of the Momence Community High School as the classes are too large, and it requires too much space which pupils prefer to use for the activities of the school.

The Proof of Years

For Eleven Years we have tried to bake good bread from good materials. For eleven years our business has steadily grown—grown because we have always tried to give our trade better bread than they could obtain elsewhere.
